Report on the Use of the Promotion of Reading Grant

2019-20 School Year

Part 1: Evaluation of the Effectiveness

1. Evaluation of the objective: (e.g. evaluating if the objective of “creating a reading culture” is achieved and any change is required based on student attitude, loan of books, engagement in reading activities)

The objective of “Exposure to reading resources on different disciplines” is just barely achieved and more types of resources are to be acquired, especially electronic ones. Also due to COVID, we don’t have enough time on the purchase of different resources.

2. Evaluation of strategies: (e.g. evaluating the effectiveness of strategies employed to create a reading culture based on the change of number of books borrowed by students, the scope of the reading activities)

Some more materials in different disciplines are purchased but some online approaches are to be developed.

More collaboration between the subject panels and library are to be made.
